

## Home-cooked Meals

Home-cooked meals plus healthy snacks are served daily in our beautiful dining room. The Director of Food Services prepares all of our meals fresh each morning for our residents. If you have a personal favorite, we invite you to our Culinary Club to share it with others and maybe even taste some new foods. Special diets are also available, depending on individual needs.

### What is Assisted Living?

One of the best advantages of living at The Villa is the service. Assisted Living is defined as a special combination of housing, supportive services, personal assistance, and health care designed to respond to the individual needs of those who need help with Activities of Daily Living. Supportive services are available 24 hours a day, to meet scheduled and unscheduled needs, in a way that promotes maximum dignity and independence

Both personal and health related services are offered to our residents to help them stay as independent as possible, for as long as possible.

Our vision places the needs of the residents as our main priority. By offering choice, maintaining dignity and promoting independence to our residents, The Villa is a great place to call home.

*It's just the beginning*

There is a difference in assisted living communities and you'll find it at the Villa. Nestled between two beautiful towns, this wonderful new assisted living community will have the services and amenities to meet the needs of our residents.

for each resident and involves the resident's family, neighbors, and friends.

We take a forward look to how personal and health related services are offered to our residents. We'll take the time to get to know you as a person. While many senior communities "bundle" their services with their monthly rates, we believe that our residents should "see what they are paying for". By offering a la' carte style services, our residents are able to choose the services they need, when they need them.

### Comfortable Living

Residents at The Villa will be able to enjoy life. You will be able to enjoy planned activities daily, including exercises. You may also enjoy visiting in the beautiful Grand Fireplace Room or one of the many common areas located throughout the community. You may also enjoy the outdoor patio area or walking around in our beautiful garden area. Email or just surf the internet from our computer center.
